GEO. ALEXANDER IS RELEASED ON BOND OF \$50,500

Head of Defunct Bank Arrested on Three Charges
Gives Bond

ASSIGNS HIS PERSONAL ESTATE

Affairs of Bank Still in Tangled Shape, With Accountants Probing

As a climax to the closing of the bank of George Alexander & Co., in this city, last Tuesday, George Alexander, president of the defunct institution, was arrested Friday night on three statutory warrants, sworn out by Banking Commissioner Thomas J. Smith.

One of the warrants charged Alexander with misappropriating the bank funds, another with making false entries and having made false entries on the bank's books, and in the third he is accused of having made false returns to the State Banking Department.

Information secured from Bank Examiner John B. Chenault and Deputy Commissioner Rankin Revill, caused Mr. Smith to have the warrants issued. He came here Friday afternoon, and, after meeting with the directors, decided upon that course. The warrants were sworn out before County Judge C. A. McMillan and placed in the hands of Sheriff W. F. Talbott. Mr. Alexander was placed under arrest at his home on Pleasant street, shortly after six o'clock, where he was held in the custody of the officials until bond was arranged, which was shortly after 9 o'clock.

County Judge McMillan fixed the bond at \$50,500, \$25,000 on each of the first two warrants and \$500 on the false statement charge. He was discharged from custody after the following had signed his bond: A. H. Hancock, Charlton Clay, O. H. Pedder, Samuel Clay, John Wiggins, Oscar Taylor, of New York; and Catesby Spears. He appeared before Judge McMillan at the court house Friday evening and through his attorneys, Talbott & Whitley, waived examination and was held to the grand jury, which will convene in this city June 8.

The people of the city and county who reposed their trust in George Alexander will sustain losses that will aggregate more than a quarter million dollars when the bank failed. There has been no demonstration and in the face of the apparent heavy losses, they are not taking it uncomplainingly.

There are seven directors of the bank, including Alexander. They are R. B. Hutchcraft, E. P. Claybrook, J. W. Bacon, W. W. Mitchell, J. M. Brennan and Harry B. Clay. The bank's employees were O. L. Davis, Cashier, and Joseph Mitchell. Mr. Davis has been retained by the Bank Commission to assist in straightening out the bank's affairs.

Undue criticism has been heaped upon the cashier of the institution for accepting deposits on the day the bank was closed. This, however, is explained when it is positively known that Mr. Davis knew nothing of the condition of the bank other than that which his books showed. He has been retained by Banking Commissioner Smith and Ex-Chairman Chenault. He declares he knew nothing of several business transactions regarding Alexander's private affairs.

The depositors and other creditors of the bank number approximately one thousand, and notices were printed Saturday by direction of Special Banking Commissioner Woodford and attorney John J. Williams, the latter acting as attorney for the State.

The officers declare it will be several days before the exact conditions are known, and as soon as possible it will be given to the public. Further than this they will give out no statement of the situation and developments, if any, will be very slow until the books are gone over and all of the affairs straightened out by the accountants.

There has been an inclination on the part of many to criticise the directors, charging negligence, but there is, according to reliable information, no grounds for such accusations. One of the directors stated that the bank examiners who would come twice a year would examine the books in the presence of the President and directors and make the report that the affairs were straight.

Suits in large numbers are certain to be instituted and scores have employed council and one local attorney has amounts aggregating almost \$100,000 for collection.

The directors are good for every dollar of the loss if it is held by the courts that George Alexander, as President, had their sanction to sign the bank's name to the thousands of dollars' worth of notes he gave for borrowed funds and to the loans he

made to individuals without proper security.

The directors are denying that they gave any such sanction and that they had any knowledge of many of Alexander's largest transactions. The stock of the bank was held to the extent of 51 per cent, by Alexander and the members of his family.

He personally had 187 of the 400 shares, E. P. Claybrook was the next largest stockholder. He had 27 shares. Mrs. Harry B. Clay, as trustee for her sister, Mrs. Frank Clay, had 19 shares and Harry B. Clay had 4 shares.

The holdings of other directors were in blocks of 5 to 10 shares, while the remainder of the stock was held in 1, 2 and 3 shares by small investors.

Under the law the stockholders will be required to put up \$100 a share in addition to its original cost to them, which in the greatest number of instances was \$250 a share.

Depositors who have been very hopeful of securing at least 50 cents on the dollar have about given up, as it has been found the condition of the bank is much worse than first anticipated. There has been some talk of forcing Alexander into involuntary bankruptcy, with a view of getting deeper into the situation.

Mr. Alexander several days ago made an assignment to Samuel Clay, his nephew. Mr. Clay appeared before County Judge C. A. McMillan yesterday and waived his right to qualify as the assignee. There has been no mention of any one to take charge of the assigned estate.

A list of the liabilities and assets of the individual estate of George Alexander were filed Saturday with County Clerk Pearce Paton. The assets were:

House and lot on Pleasant street, \$20,000. One-third interest in warehouse on Ruckerville pike, \$1,500.

Five hundred shares Northern Life Insurance Co., \$5,000. Fifteen shares Paris Grand Opera House, Company, \$100. One share L. M. Rubber Company, \$100.

Four shares Bourbon Fair Association, \$50. Five shares Chicago and New York Electric Air Line, \$125.

One hundred shares Travelers' Insurance Machine Co., \$300. Eleven shares Fifth-Third National Bank of Cincinnati, \$2,156.

Trustees' certificate of same, \$250. Two shares Bourbon Tobacco Warehouse Company, \$250.

Twenty shares Central Land Company, \$200.

One hundred and eighty-nine shares Power Grocery Company of Paris, \$37,800.

One hundred and eighty-four shares George Alexander Bank, value unknown.

Automobile of Mrs. Alexander, surrendered to estate, \$4,000.

Horse and carriage, \$250.

One-third interest in O'Neal Hemp Breaking Machine Company, value unknown.

Household and kitchen furniture, and other personalties, \$3,500. Cash on deposit in bank, \$3,000.

Total, \$78,836.

The liabilities are as follows:

S. E. Bedford, agent, secured by forty-five shares bank stock, \$10,000.

Fifth-Third National Bank of Cincinnati, 100 shares of bank stock, \$2,500.

Mrs. H. O. Jones, eight shares bank stock, \$2,000.

Mrs. A. P. Alls, of Richmond, \$300.

John C. Current, \$3,000.

E. H. Owings, \$1,000.

George Alexander & Company Bank \$4,000.

Total, \$23,500.

Alexander is an endorser for the Power Grocery Company to the amount of \$30,000.

In addition to collateral pledges to secure these notes, 164 shares of the Power Grocery Company stock are collateral on accommodation notes to the bank, something about \$36,000.

DENIES NOTES WERE TAKEN.

FRANKFORT, KY., May 25.—Absolute denial is made by State Banking Commissioner T. J. Smith of a statement from Paris that State Bank Examiner John B. Chenault took notes belonging to Nick Kriener and refused to return them.

The statement was contained in a Paris dispatch.

"Mr. Chenault knew nothing about any notes belonging to Mr. Kriener," said Commissioner Smith. "He took no notes from a safe deposit box."

"The books of the bank show no such loan from Mr. Kriener to the bank, and the first information this department had of any loan made by Mr. Kriener was about 5 o'clock Tuesday evening when Mr. Alexander admitted negotiating a loan from Mr. Kriener and others, in all aggregating \$61,000."

The notes claimed by Mr. Kriener probably refer to notes pledged to him as collateral security for the loan secured by George Alexander, but Commissioner Smith said neither he nor Mr. Chenault have knowledge of any such notes. What they have they found in the bank's books, and none of them bear endorsements or other indications of belonging to or having been pledged to Kriener. All the notes in possession of the department are part of the bank's assets and found in the usual place for keeping such assets.

Although the effect of the crash was keenly felt, the other banks of the city with ample funds have gone to the assistance of the business men of the city and county. There is little sign of business stagnation although the break was the most disastrous ever experienced in Central Kentucky.

WM. O. BRADLEY SUCCUMBS AFTER A SHORT ILLNESS

Senior Senator From Kentucky Dies in Washington Saturday

KIDNEY TROUBLE CAUSE OF DEMISE

Remains Will Be Brought to Frankfort This Afternoon

William O'Connell Bradley, Kentucky's senior United States Senator, and the most distinguished Southern Republican, passed from coma into death Saturday at 9:45 o'clock. A general refusal of his organs to function was the immediate cause of death, but the Senator had been in poor health ever since he entered the upper house of Congress in May, 1909. General kidney and prostatic trouble was his malady. On May 14 last he had announced that poor health precluded his making the race to succeed himself, and that he would retire from public life at the end of his present term, March 4, 1915.

A few minutes after the Senator had made his statement to the press he left for his apartment in Falkner Courts, and while hastening for a street car fell heavily, with the outward injuries of two broken fingers and a gashed forehead. It was feared at the time that the Senator had suffered internal injuries, but none developed at the time, and the resolute old Kentuckian insisted upon resuming his official duties two days after his fall. This was a week before his death. The following day found him slightly relapsed, but he came to his office again on Monday, Wednesday morning, however, found him complaining of feeling badly again. Nevertheless, he went to his office, but during the afternoon, while he was seated at his desk, dictating letters, a painful seizure gripped him and a physician was called.

At first this attack was diagnosed as acute indigestion and, after, treatment in his office, the Senator was

Senator William O. Bradley.

taken to his room and went to bed. From that bed he never rose. His condition changed from serious to critical, then desperate. Dr. Lewis A. Walker, his physician, worked over him all Thursday night and Friday morning was able to revive the Senator to some extent, so that he put in a good day. But the hope of the day was changed to sorrow on the part of his bedside watchers when the distinguished patient's kidneys became congested, and his unconscious and delirious condition was no longer dispelled by periods of intelligence.

For a time Dr. Walker was able to rouse the Senator's sluggish organ, but he remained unconscious and delirious throughout the day, gradually sinking to death.

At Senator Bradley's bedside when he died were his daughter, Mrs. John G. South, of Frankfort; Senator Ollie James, the colleague of the deceased; Miss Rella Lane, his faithful friend and employee of many years; Herbert May, his nephew; Mrs. Emma Grigsby, a sister of Miss Lane, in whose apartment the Senator lived; his nurse, his doctor and some women of the neighborhood. Others at the bedside were Jerry South, Chief Clerk of the House of Representatives, and his daughter, while awaiting in the apartment were E. H. Lillard, the Senator's Secretary, and Mrs. Jerry South. H. Clay Howard, former Minister to Peru, who was in Washington, reached the house a few minutes after the Senator died.

Many tributes were paid to the memory of the dead Senator in the Senate chamber yesterday. His chair was draped in black. Senator James paid a glowing tribute to his colleague.

The funeral train left Washington yesterday afternoon at 3 o'clock, for Frankfort, where the funeral will be held this afternoon at 3 o'clock.

ARE DARING FIGHTERS.

(Atlanta Journal.)

For two years Wylie Smith fought
with the rebels in Mexico. No one
knows the Mexicans better than he—
no one knows the country and the
conditions of warfare better.

"Two things we must keep in mind
—the Mexican climate—the heat that
withers a white man—and the certainty
that Mexicans, instead of fighting in
the open, will take to the mountains,
where artillery can't penetrate,
and there are the places men afoot
must pick their way," said Wylie
Smith.

"Reaching down into Western Mex-
ico are the Sierra Madre Mountains,
the Mother's Teeth they mean literally,
which are a continuation of the
Rocky Mountains. They rise in broken
and high peaks in the counties of
Sonora, Chihuahua, Durango, Sinaloa
and Guerrero.

"During a let-up in our fighting,
when I was down there I got news
that the Pacific Coast Magazine could
use a story about Zapata, a name
which means 'Shoe,' the man who
made it his business always to fight
against the Government, and the fel-
low who had himself fortified in the
hill in a way that reminded me of the
Doones. But I didn't see any Lorna there.

"He had 3,500 men camped in a
place in the mountains that made a
perfect dipper. There was only one
way of getting in and going out, and
it was a passage only about 50 feet
wide, narrow, rugged, steep, up which
a man could climb only slowly. And
Zapata had machine guns trained on
this mountain pass and obstacles in
the way until he, with his 3,500 men,
could have held off 10,000.

"I don't see how you could attack
the fellow, except with airships. They
are about the only way of getting at
him.

"And believe me he's a fighter. His
trade is fighting, just as that of the
other mountain bandits. When a re-
bellion is started he joins with the
rebels. When it succeeds he starts
another rebellion.

"On the way up a guide I had told
me a story about the 'Shoe' that
wasn't nice to hear when I was soon
to be Zapata's guest.

"Zapata demanded tribute from a
rich rancher in that neighborhood.
The fellow answered with courtesies,
but no money.

"He woke up next morning with
Zapata at his front door. He found
himself the next afternoon tied to a
post in the middle of a bull pen, his
body out of reach, but his legs low
enough to be gored.

"Red cloth was tied around the fel-
low's legs and soldiers were set to
torturing a bull. The beast was turned
loose in the pen and saw the red cloth
on the post. Maybe you can guess
what happened. The flesh was gored
from the man's legs and he died as he
hung on the post.

"Did I say that Zapata had brought
the rancher's wife to the edge of the
pen and made her sit there?

"That explains to you what those
fellows are—utterly merciless, some
of them not human. But this fellow
Zapata was partly a Guero Indian
and that helps to explain him.

"A dry, dark-faced, meager, im-
passive and yet nervous man I found
him. And he insisted—it seemed
funny to me—that he be quoted cor-
rectly. He didn't want people to get
a wrong impression of him.

"I want to impress the fact that
Mexicans are not cowardly; that they
fight well in their own way, and that
they can shoot.

"To illustrate: I'd been with the
rebels about a year when they chose
me to pick out 30 sharpshooters from
100 soldiers. I had them set up a target
at 1,000 yards and put them to firing at it.
Not a man made less than 30 per cent.
Over half of them got better than 45 per cent.
and the fellow who was selected as Sergeant
got 70 per cent. That man would
have killed seven out of ten soldiers
at 1,000 yards.

"I remember a time when a small
force of our rebels attacked a town
as a ruse, then retreated, and the Fed-
erals came after us. Our men drew
the pursuers into a small, narrow
pass with thickets on both sides.

"They swarmed into the pass, pack-
ed it full of men, then we opened fire.
Not one of them got away. We shot
down 300 in that place. It's some-
thing like this the Mexicans would
like to try on our men."

in a disordered condition. They

QUESTION CLEARED UP.

Paris Readers Can No Longer Doubt
the Evidence.

Again and again we have read of
strangers in distant towns who have
been cured by this or that medicine.
But Paris' pertinent question has
always been: "Has anyone here in
Paris been cured?" The word of a
stranger a hundred miles away may
be true, but it cannot have the same
weight with us as the word of our
own citizens, whom we know and re-
spect, and whose evidence we can so
easily prove.

Mrs. Laura L. Lair, 1022 High St.,
Paris, Ky., says: "I had rheumatic
pains and my kidneys were irregular
in action. I suffered from backaches
and headaches and at times was dizzy
and nervous. A neighbor advised me
to try Dean's Kidney Pills and I did.
They made me strong and well. I
have had no sign of kidney trouble
since and I gladly confirm the state-
ment I gave praising Doan's Kidney
Pills at the time the cure was made."

Mrs. Lair is only one of many Paris
people who have gratefully endorsed
Doan's Kidney Pills. If your back
aches—if your kidneys bother you,
don't simply ask for kidney remedy

BUMPER FRUIT CROP FOR
UNITED STATES THIS YEAR

General prospects for a large fruit
crop this year, with the possible ex-
ception of peaches, have not been
equalled at any time within the past
decade, save in 1912, according to the
report of the United States' Chamber of
Commerce's Committee on Statistics
and Standards on the condition of
fruit as of May 2 last.

The report deals with all fruits of
commercial importance, including apples,
peaches, pears, plums, prunes, grapes,
oranges, lemons, grapefruit, strawberries,
cherries and the like.

The committee reports that more or
less damage has occurred in nearly
all sections to fruits, but that, save in
the case of peaches, it is not a matter
of much moment. Severe cold snaps
in the early spring caused consider-
able damage to peaches in many
States, Oklahoma, Arkansas and
Kansas suffered heavily, the outlook
in those States being for not over 25
per cent. of normal crop.

More or less serious damage also
was done in South Central Missouri,
Southern Mississippi, Northwestern
Alabama, South and East Texas,
Southwestern Georgia, Western Kentucky,
Western Tennessee, Southern Idaho
and portions of North Carolina.

"Elsewhere," the committee finds,
the outlook is so promising that, in
general a crop of peaches approach-
ing "normal seems more than a
likelihood."

WHOOPING COUGH.

"About a year ago my three boys
had whooping cough and I found
Chamberlain's Cough Remedy the only
one that would relieve their
coughing and whooping spells. I
continued this treatment and was sur-
prised to find that it cured the disease
in a very short time," writes Mrs.
Archie Dalrymple, of Crooksville, O.

AUTOS IS LATEST PLAN

Courtland Leer, a manufacturer of
Lexington, formerly of Paris, believes
that he has solved the problem of
substantial and inexpensive road con-
struction for automobile travel, and he
is preparing to give his plan a test on the county roads entering
Lexington. Mr. Leer's plan is to con-
struct a concrete track, correspond-
ing to the rails of a railroad or street car
line, only instead of steel rails his
idea is to have concrete about 18
inches wide, with a slight depression
in which the wheels of the auto will
glide smoothly along. This arrange-
ment, he claims, will furnish a solid,
substantial track for automobiles,
and will prevent the rest of the mac-
adam section of the road being worn
out by the speed of the cars. It will
hold them in the grooved track.
These 18-inch wide strips of con-
crete, from 3 to 4 feet apart, will be
much less expensive than to con-
struct the entire roadway with as-
phalt or brick, as is being done with
some of the country roads in the
North, notably in the State of Ohio.

CONTRACT FOR UNIFORM ACCOUNTING SYSTEM

The contract for installing a uniform accounting system in all public offices handling the State's funds was let Friday by the Sinking Fund Commission to Edward T. Perine, former Controller of the State of New York, and Walter J. Nichols, of New York, for \$3,600. They are to install the system in fifty-seven days, beginning next week, when the contract will be signed.

This system will reach all county and magisterial offices, as well as the State departments, where the officers have anything to do with receiving or disbursing money belonging to or due the State.

UNCLE SAM'S SOVEREIGNTY IN Isthmus of PANAMA

Most of the honest misunderstanding and all of the international misrepresentation which have done so much to muddle the Panama Canal issue rest upon the assumption that the United States is completely sovereign at the Isthmus.

Philippe Bunau-Varilla, the distinguished French engineer, negotiated the treaty with the Republic of Panama under which we are operating. In a statement by him appearing in the Herald he expresses surprise that even well-equipped lawyers do not seem to grasp the fact that our rights in the canal strip are only those of a tenant.

The gentleman might have gone further. Our treaty with Panama not only recognizes the sovereignty of republic and clearly defines our rights as a lessee, for which we are to pay \$250,000 a year, but it incorporates the Hay-Paunceforte treaty. We thus stand with Panama in the relations of landlord and tenant, and joint guarantors of a treaty with Great Britain which many of our public men would like to disregard.

In strict law a violation of the Hay-Paunceforte treaty by the United States would amount to a forfeiture of the privileges acquired under our lease at Panama. The fact that the morals of the question.—[New little republic is not powerful enough to dispossess us has no bearing upon the morals of the question. York World.]

CHILD CROSS? FEVERISH? SICK?

A cross, peevish, listless child, with coated tongue, pale, doesn't sleep, eats sometimes very little, then again ravenously; stomach sour; breath fetid; pains in stomach, with diarrhea; grinds teeth while asleep, and starts up with terror—all suggest a Worm Killer—something that expels worms, and almost every child has them. Kickapoo Worm Killer is needed. Get a box today. Start at once. You won't have to coax, as Kickapoo Worm Killer is a candy confection. Expels the worms, the cause of your child's troubles. 25c. at your druggist's. (May) (adv)

ANIMALS AND POPULATION ESTIMATE IN REPORT

The Department of Agriculture is making forecast estimates of numbers of live stock in the United States as compared with the population between the decennial periods—1910 to 1920. The estimate is that the total population in 1914 is 98,646,000 and on this basis figures that there are 20,962,000 horses and 4,449,000 mules, an increase of 1.4 per cent. since 1910. The total value of both is \$2,842,655,000, an increase annually of \$48,520,000 since 1910.

A slight increase in numbers of milk cows is shown with 20,737,000 now on hand, values having increased over 50 per cent. Other cattle have decreased in numbers annually at the average of 1,330,000. Sheep show a decrease of 682,000 annually. Beef cattle have increased in values 63.2 per cent., while sheep declined 13.4 per cent. Numbers as compared with population have fallen off of 3.5 per cent. of horses; 9.8 per cent. of mules; 4.4 per cent. of milk cows; beef cattle 19.2 per cent.; hogs 5.2 per cent.; sheep 11.6 per cent.

The decrease for each 100 of population for 1914 is shown to be 9 cattle, 7 sheep and 3 hogs.

The Department attributes the increased values of meat animals mostly to increased cost of production, and does not claim that the farmer is getting a proportionate profit. Further values given are on the farm, which is much lower than wholesale prices.

DEATHS

USSERY.
—Mrs. Margaret Ferguson Ussery, wife of Dr. W. C. Ussery, of this city, died at her boarding house in Cincinnati, Friday morning at 9 o'clock, following a brief illness. Mrs. Ussery had not been strong for several years, having submitted to an operation some time ago, and, being subject to attacks of acute indigestion, but was in her usual health until she was seized with a violent attack Thursday, which together with heart trouble, caused her death.

The members of her family here were notified of her illness Thursday, but they did not become alarmed until night, too late for any train, and they could not go to her bedside until Friday morning, when Mrs. Joseph M. Hall, Mrs. James H. Thompson and Mr. Volney Ferguson left to be with her, arriving shortly before her death.

Mrs. Ussery was the daughter of the late Mr. and Mrs. J. W. Ferguson, and was a member of a large and influential family. A wide circle of relatives and friends are affected by her death.

Mrs. Ussery was twice married, her first husband being Mr. Thomas Waller, and three children of that union survive: Mrs. Henry Judy, of Kokomo, Ind.; Mrs. William Clark, of Cincinnati, and Mr. J. W. Waller, who is with a civil engineering party in Tennessee. She is also survived by her second husband, Dr. W. C. Ussery, and a daughter, Miss Dorcas Ussery, of this city. Besides these, two sisters, Mrs. J. M. Hall, and Mrs. James M. Thompson, and two brothers, Volney and James Ferguson, all of Bourbon county, survive.

The body was brought to this city Friday night and taken to the home of Mr. and Mrs. Hall, on Duncan avenue, where the funeral was held Sunday afternoon at 4 o'clock. The services were conducted by the Rev. W. E. Ellis. Burial in the family lot in the Paris cemetery.

COUNTY ATTORNEYS
MUST ATTEND POLICE COURT

County attorneys and not city or prosecuting attorneys should represent the Commonwealth in police court when the police judges hold examining trials of felony charges.

Such is the opinion of Assistant Attorney General Logan, Saturday to Dulin Moss, City Prosecutor of Frankfort. Moss recently objected to representing the Commonwealth in an examining trial in the police court, contending that it is a duty of the county attorney. Being overruled by Police Judge W. C. Herndon he requested an opinion from Attorney General Garnett on the point.

While the opinion of Logan in this case covers only third-class cities, the rule will be applied to police courts in all cities unless there is a statute directing otherwise.

HANDSOME PROPERTY.

The most centrally and best located property ever offered in Paris is the Yerkes home, corner of Main and 11th streets. LAW PUTS STRICTER
MEASURES ON MATRIMONY

Candidates for matrimony after June 15 will be required to give much more data relative to themselves and their parentage than has heretofore been required by the officers in issuing a license for marriage. County Court Clerk Pearce Paton has received a sample sheet of the new book which he will be required to keep, and in which will be embraced a complete history of the contracting parties, and a bit of their ancestry. Besides the parentage of applicants for license, the physical condition must be stated, and the occupation which the husband follows. The age of each of the applicants must be stated, as well as where they were born, and where they are residing at the time of application. The new requirements are in conformity with a bill which was passed at the recent session of the Legislature. As has always been required, the groom will be required to execute a bond for \$100 that he will carry out the agreement of the license as set out in the certificate issued. Provision is made for the proper certification by the officer or minister saying the ceremony, and the issuing by such officer or minister of a certificate of such marriage to the couple.

KNIGHTS TEMPLAR
IN GRAND CONCLAVE

The sixty-seventh annual conclave of the Grand Commandery of Knights Templar of Kentucky opened at Fulton last Wednesday at 10 o'clock when the Knights, in full uniform, headed by the Third Regiment Band, of Owensboro, marched to the First Methodist church, where the initial meeting was held. The address of welcome was made by the Rev. Henry Nelson Barbee, followed by the response of Vice Eminent Deputy Grand Commander Charles Nathan Smith, and the sermon by the Rev. William P. Baird. After the sermon, the Knights, 130 in number, gave the annual parade, which lasted about an hour.

A reception and dance was held at the Elks' Home in honor of the visiting Knights, and a reception was tendered by the ladies' clubs of the city. The conclave closed Thursday with an exhibition drill in the afternoon and a reception and dance in the evening.

The officers present were: Thomas P. Satterwhite, Jr., Grand Commander; Mason P. Brown, Deputy Grand Commander; Charles N. Smith, Grand Generalissimo; Henry P. Barrett, Grand Captain-General; Frederick W. Hardwick, Grand Junior Warden; Taylor M. Estes, Grand Prelate; Robert C. Stockton, Grand Treasurer; Alfred H. Bryant, Grand Recorder; Albert H. Hazelrigg, Grand Standard Bearer; Robert P. Browning, Grand Sword Bearer; Miles H. H. Davis, Grand Warden; James Keeley, Grand Captain of the Guard. Arthur Richardson, Grand Senior Warden, was absent on account of illness.

ALFRED CLAY WINS
CHAMPIONSHIP SHOOT

The fifteenth annual Kentucky Bluegrass Shoot was held Friday on the grounds of the Winchester Gun Club, and was one of the most successful ever held there. About forty of the best shots in the State competed in the events, and some very good shooting was done.

The greatest interest centered in the Kentucky Bluegrass championship, for which a handsome trophy was offered, and this event was won by Alfred Clay, of Bourbon county, in the shoot-off, after being tied with W. H. Hall. Clay broke 95 out of a possible 100, and in the shoot-off Clay broke 19 out of 20, while Hall broke 17.

Mr. W. R. Sphar carried off the honors in a special 25-target handicap event, and won a handsome trophy, while W. H. Hall, C. B. Strother, J. D. Gay, Alfred Clay, Z. C. Offutt and Dr. Barrow were the lucky six that won the special prizes donated by the Interstate Association for the six high amateur averages for the 200 targets.

J. R. Taylor and W. R. Chamberlain got the high professional scores for the day with 189 each out of a possible 200.

QUARREL RESULTS IN
SHOOTING AT ESCONDIDA

Arthur Edwards, colored, was shot
in the abdomen, at Austerlitz, Friday
morning. The wound is likely to
prove fatal.

Edwards, who is a cook in the employ of a construction camp on the L. N. railroad, near Escondida, got into an argument with Sam Haynes, an Alabama negro, who is also employed in the camp. It is said the trouble occurred at the breakfast hour, and that Haynes pulled a revolver and fired at Edwards, the ball taking effect in the abdomen. Edwards was removed to a Lexington hospital, and, it is said his chances for recovery are slight.

After the shooting Haynes made his escape, going toward Winchester. City and county officials were notified but, as they have only a meager description of Haynes, it is probable he will be able to evade capture and make his way back to Alabama. (1t)

The Home of Good Wall Paper

WALL PAPER TALK No. 6.

The Hall—First impressions are lasting and it is therefore essential that a good impression is secured. Entrance to the house is usually through the hall or reception room; for that reason it should suggest hospitality and be to some extent an index of what is to follow. Formerly the hall was not considered a part of the house and was a dark, gloomy place, a sort of a purgatory through which the travel had to pass to reach the heavenly rest beyond. Now, however, the decorations are more in keeping with the adjoining rooms. But care should be taken to have all the rooms in harmony. Our decorative department is at your service.

J. K. SMITH, T. A.,

W. H. HARRIS, Agt.KENTUCKY CROP REPORT
AS OF MAY FIRST.

"After a drought, a good crop year" is an old saying that is believed by most farmers, in truth there seems to be some scientific basis for this. The first crop report for the year 1914 would indicate that this year would be no exception to the rule. Probably never in the history of the State was there a more promising outlook for a "good crop year" than at the beginning of the season.

The wheat acreage of last fall is given at 95 and practically none of this was plowed up this Spring. Ninety-seven per cent. of the original sowing was left standing May 1st. The condition of this large acreage is 99. This would indicate an unusually large yield of wheat. The original acreage of rye sown last fall was 95. Rye is used more as a clover crop than wheat, a large per cent. of which is plowed up in the Spring for corn or oats. For the last few years rye has proven a more profitable crop than wheat per acre and it is no surprise to find that 82 per cent. of the original acreage is left standing. The amount of barley originally sown was 77 and the condition of both rye and barley is given at 98. The corn acreage planted is 91 per cent. while 76 per cent. of the plowing intended for corn was done May 1st. Planting is now in full swing with conditions favorable. Deep plowing has been practiced this year more than ever before. Favorable weather for the next few weeks will insure a large acreage of corn in a first-class seed bed. The oat acreage planned is given at 89 with 80 per cent. of it sown May 1st.

While the dark tobacco crop planned is only 79, the condition of plant beds is given at 96. The acreage planned of Burley is given at 81 with the condition of plant beds 91. There is some complaint of insects and cut worms injuring the tobacco beds.

The pastures are in unusually good condition. The condition of blue grass is given at 93 with every promise of a large crop of blue grass seed. Clover is given at 85, alfalfa 93, and orchard grass at 92.

Fruits of all kinds have escaped destruction by freezing and the apple, cherry and plum crop is unusually promising. Pears and peaches suffered some from late frost, especially in the central part of the State, however, we will have more than three-fourths of a pear and peach crop. The strawberries are in good condition with promise of a bountiful yield. Ninety-five per cent. of a potato crop is planted.

Live stock of all kinds came through the winter in good condition. It is estimated that 4 per cent. of the horses died in the last 12 months, 3 per cent. of the mules and 2.7 per cent. of the cattle. The loss of sheep is estimated at 6 per cent. and lambs at 10 per cent. The greatest loss is from hog cholera and it is estimated that 11.3 per cent. of the hogs of the State were lost by this disease, some sections of the State being entirely free from this disease, while the loss runs as high as 50 per cent. in other sections. This report indicates that there is an unusual amount of attention being paid to live stock. The number of brood mares used is increasing and the number of mules used upon the farm decreasing. It is also worthy of note that a great deal more attention has been paid to alfalfa this Spring than ever before. The amount of ground limestone used upon the clover land has greatly increased.

Summing up the first report of the year, one cannot but be impressed with the determination of the farmers to make the coming crop the greatest ever grown in the State.

Wayne and Clinton for Beckham.

A dispatch from Frankfort, Friday, said:

—The Hon. A. V. Bertram, who represented Wayne and Clinton counties in the Legislature two years ago, was in the city today on business. In discussing the Senatorial race Mr. Bertram said that Wayne and Clinton counties would give Gov. Beckham a good majority in the August primary. He said that the ex-Governor was much stronger in his section than he had ever been before, many leading Democrats being for him this time who have always been against him. He said the Democrats were planning to give Gov. Beckham a big reception when he speaks at Monticello the first day of June. Mr. Bertram said that Mr. Stanley had a small following there, but Gov. McCreary had no support at all. News from Burnside, Pulaski county, where Gov. Beckham speaks Monday night, June 1, is to the effect that he will be greeted by a very large crowd. Extra seats will be put in the hall to accommodate the crowd which it is said will attend. Mr. Stanley spoke at Burnside two weeks ago, and had thirty-seven to hear him.

—The Littlejohn Carnival Company opened a week's engagement in this city last night. The carnival is given under the auspices of the local Lodge of Eagles, and a most successful week is expected.

The carnival company arrived Sunday and yesterday was consumed in getting all the show tents up. Last night the show grounds were packed to overflowing and all of the shows received a most liberal patronage.

The attractions are of the cleanest sort and vary to a great extent from the usual run. A motordrome, an attraction of extraordinary merit, is one of the principal features and is drawing well. Patrons of all the other attractions were more than pleased.

—The men were partly unconscious when their condition was discovered by Mr. John Marston, who was passing by to town immediately for assistance and an automobile brought the injured men into the city. They were taken to their homes where they were given medical attention.

The car was almost completely demolished, and was taken to the Craig-Davis garage for repairs. Mr. Nunnelly, who owns the car, is the manager of a commission at Austerlitz, this county, and used the machine in traveling from his home in this city to his place of business.

Three persons were injured, none of them seriously, in an automobile accident which occurred Sunday afternoon, about 5 o'clock, on the Mayville pike, a few miles from this city. The injured are J. M. Nunnelly, of Austerlitz, Isaac Elvove and Jake Elvove, of this city.

The accident, it is said, was the result of speeding, when the control was lost of the Ford car, which belonged to Mr. Nunnelly, and was being driven by him. The car ran off to the side of the road and turned over.

The occupants were thrown out, and all of them sustained numerous bruises. Isaac Elvove was the worst injured of the trio. He sustained a number of bruises about the body and suffered a wrenched back. Jake Elvove was badly bruised and his right arm was slightly sprained, while Nunnelly sustained bruises and a slight injury to his leg.

LEESUS SELLS BUNCH OF FAT CATTLE AT \$7.65

An important cattle deal was consummated Saturday when M. L. Brown, of Cincinnati, bought 299 head of slimmers from Clarence Lebus, of Fayette, at \$7.65 straight. They were well fattened, averaging 1,180 pounds. The delivery was made at the Baltimore market. An offer of \$8.37 1-2 for fifty corn-cattle from another buyer was refused, indicating that Mr. Lebus anticipates a rising market.
